## Kelmore the Unholy!

Kelmore the Unholy is wanted for high crimes to include conspiring to commit TREASON and MURDER. This outlaw conspired with Glarg to have a group of non-humans to slaughter innocent villagers including Raylon, Dickie, Coover, Mags, and their extended kin. Kelmore is further a known worshipper of CHAOS! While a murderer can only take your life, Kelmore, a former paladin of holy Humakt, can corrupt your very soul.

Bring proof of his demise to the guards at Forests Edge, Red Stone, or Quivera.

The reward for his dispatch is 300 Wheels -- No Questions Asked!
